At Mission:Heirloom, our products are 100% made from scratch. We source non-gmo, organic ingredients and we believe in head-to-tail and farm-to-table. Our kitchen is dedicated gluten + grain-free and our food is free of legumes, alliums and vinegars. We rethink every step in your food's journey from heirloom seed to your plate, eliminating all potential irritants and delivering nutrient-dense food that satisfies on many levels.
